

Safety Incentive Strategies from RiskAware with Work Safe Pays!

Create excitement and fun for your employees and clients while educating them on "how" and "why" to be safe on the job with Work Safe Pays! RiskAware has partnered with Work Safe Pays to deliver a technology platform that brings a proven safety bingo game to on-line training and at to every employee's fingertips. This is a great tool to improve workers' compensation performance is affected by a mobile workforce where scheduling safety meetings is logistically difficult.

KEY FEATURES:

Content: Hold a safety meeting everyday. You can use content from our libraries and campaigns that already contain safety information and quizzes or you can customize with your own work-site specific content. The platform can also support YouTube videos and documents to deliver messages to your employees.

Customize: Choose how you want to reward your employees. There are no gift catalogs attached. You can choose what prizes you want to provide and the size of your incentive budget.

Convenience: Work Safe Pays is web-based and runs on any device: laptop, desktop, i-Pad, and any smart phone. The Work Safe Pays phone app is available for Apple and Android phones and interfaces with Facebook so your employees are part of the game no matter where they are.

Control: You set the rules and have the controls to reward safe behaviors or suggestions or penalize observed safety violations. Our dashboard allows you to monitor employee participation, set approximate game timelines, and let you runs multiple games by department, location, or business unit. Our budget planner maps out your aware budget for the year.
